## Pricing calculator

Configure and estimate the costs for GitHub products.

### Plans

### GitHub Enterprise

Security, compliance and flexible deployment.

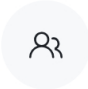

---

Maximize developer agility and productivity. Developers can enjoy a fully-feature environment to build and innovate from idea to production. Work more collaboratively and efficiently anytime, anywhere, with secure open-source code repos and integrated code-to-cloud workflows.

**Number of seats**

Users

**Cost per month** **\$231.00 USD**

### GitHub Teams

Advanced collaboration for individuals and organizations.

---

[More about GitHub Teams >](#)

### Features

### GitHub Codespaces

Your instant dev environment.

---

[More about Codespaces >](#)

### GitHub Actions

### GitHub Actions

Automate your workflow from idea to production.

[More about Actions >](#)

### GitHub Packages

Your packages, at home with their code.

[More about Packages >](#)

### GitHub Advanced Security

Secure code, from blueprint to execution.

## Frequently asked questions

Are these costs final?

Does the pricing calculator include entitlements?

Is the cost for Codespaces project-based?

**How do I figure out my average project size?**

**What if I don't use all my storage?**

**What's the storage cost if I create a codespace with the default image?**

**Why is the cost for Packages lower with Actions?**

**Is Packages bandwidth free if I use Actions?**

**How can I view or manage my billing and minutes once I've signed up?**
